Dear [REDACTED]

STAT

Thank you very much for the material attached to your letter of 4 September. Some of our people were very glad to see it and we have placed these studies in our files.

STAT

In accordance with my conversation [REDACTED] the other day, I have needed certain of our people in order to expedite their decision to proceed with your interview project. Unfortunately, I can't give you any definite answer at this moment, but will not fail to let you know as soon as the result of their decision is made known to me.

STAT

With best personal regards,

Most sincerely,

Michael G. Corson
